TECHNICAL SKILLS AND TOOLS

Strong (HTML, CSS, JavaScript, Typescript, GitHub, React.js, Node.js, Express.js, PostgreSQL, HTTPie)

Experienced (Flexbox, Java, Tailwind CSS, AWS, JSON, REST APIs)

Tools and Libraries (React Hooks, Git, GitHub, VS Code, Figma, Slack, ESLint, Chrome Dev Tools, npm)

APPLICATIONS DEVELOPED

Movie Watcher | A full-stack web-application for movie watchers who want to keep track of what they have seen |

- Responsive front-end developed with **React** and **Typescript**, utilizing **Tailwind CSS** and **React-Router** modules
- Implemented a scalable backend server using **PostgreSQL** to store previous user data while being able to create new entries
- Incorporated **Node** and **Express** for communication between serves and included error-handling middleware

iWannaCook | A dynamic app that allows users to view and save favorite recipes based on dietary preferences |

- Integrated **HTML**, **CSS**, and **Typescript** to create a responsive and intuitive front-end design
- Engineered search feature by requesting data from **public API** and implemented **DOM tree** to display **query** results
- Designed sitemap using **Figma**'s wireframing tools, using **JSON** to store and retrieve data from previous sessions

PROFESSIONAL EXPERIENCE

House Manager/ Personal Assistant The Gastelum Family | Whittier, CA May 2023 – Jan 2024

- Managed and coordinated household member schedules and consulted family about important events which fostered time management and organization of the household
